

7/20/20

Dear Families,

We hope everyone is staying safe! The Aurora team has been working non-stop to ensure we are prepared for your scholar to start learning on Monday August 10th, our first day of at home learning. We've received some questions about what learning will look like at home. Below are sample schedules for different grade bands. This looks different from the Spring, and its improvements will enhance your scholars' learning experiences. In order to prepare for this change, please do the following:

1. Speak with your scholar about the importance of waking up ready to work each morning.
2. Think about where you will have your scholar or scholars work each day.
3. Let us know what support you think you will need to be successful during this at home learning time.

As always, please feel free to reach out with any questions or concerns.

Sincerely,

Grant Monda

Executive Director
